

Creative Team Building

Are you ready for something unique, creative, and loads of fun?

Visualfunk believes that great things happen when teams do something creative together. Why?

- Teams do something fresh and new - not another crap version of an old program!
- Everyone can take part regardless of age or fitness
- It takes everyone out of their comfort zone in a non-threatening way
- Collaboration is just as important as competition in companies
- People achieve something they would not have thought possible
- Creative activities open up great new lines of communication
- People feel fresh and energised after doing something creative
- Creativity and innovation are essential to the health of an organisation

Visualfunk has indoor and outdoor creative team building activities that embrace culture, the arts and all areas of the creative world. These include music, painting, photography, theatre, cooking, sculpture, video and film and many more!!

Our world class facilitators are at the heart of the success of our programs. A world class facilitator provides a fantastic platform for success. Each facilitator brings something unique, has great humour and is highly engaging. They are specialists in their creative fields and they have a passion for sharing it with others.

Visualfunk's team building programs cater for groups from 4 - 10,000+ people and are based on everyone participating. We have a no wall flower policy!

A snapshot of some of Team Building programs include:

Team Masterpiece: Teams bring a vision, concept or idea to life. Working with professional artists, teams are involved in every step of the creative process: brainstorming, drawing and abstracting ideas, designing the image and painting the masterpiece. The finished works are re-touched to hang in the office to keep the magic of the program alive.

Tantalising Tuscany: More than a 'cooking class'! Our dynamic Tuscan chefs, Simone and Filippo Franchi take teams on a wonderful journey into the heart and soul of Italian cooking.

Teams compete and collaborate to create a three course, restaurant quality Italian meal with some of the best entertainment you can imagine.

Guerrilla Film: Its fast, it's furious, very cheeky and a chance for your team to tap into their potential to innovate and make things happen! Combining a great mix of fun and creativity, Guerrilla film is part race, part film making and a whole lot of laughs. It's a fantastic twist on your standard treasure hunt program.
